ABOUT PARADIGM

FROM CONCEPT TO CREATION

WHO WE ARE

Paradigm Design & Construct is a top-tier construction company based in Islamabad, Pakistan, with over 10 years of experience in the industry. Our expertise extends to a wide range of services, including civil and mechanical construction and architectural design serving both residential and commercial projects.

FROM CONCEPT TO CREATION

Our team of multi-discipline professionals is equipped with the knowledge, experience, and resources necessary to bring your construction project to life. Our portfolio showcases our diverse range of projects, from high-end residential buildings to industrial and commercial projects such as villas, hotels, office complexes, malls, petrol pumps, and factories.

PARADIGM DESIGN & CONSTRUCT SMC-PVT LTD.

WHAT WE DO

Paradigm provides a comprehensive range of construction services including mechanical construction, commercial building, industrial construction, architectural development, HVAC system, and solar system installation. We take up the entire project management, from land selection to pre-construction feasibility assessment, planning, development, construction, and commissioning.

Our goal is to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional services.

HOW WE DIFFER FROM COMPETITORS

We believe that today's solutions will not be adequate for tomorrow; therefore, all our projects are designed and constructed with an eye on the future. Our approach to construction and engineering services includes the use of state-of-the-art machinery, a permanent team of qualified professionals, and a record of on-time project completion. Environmental considerations, and health & safety regulations are an integral part of our services, and we strive to attain harmony between functionality and design in all projects.

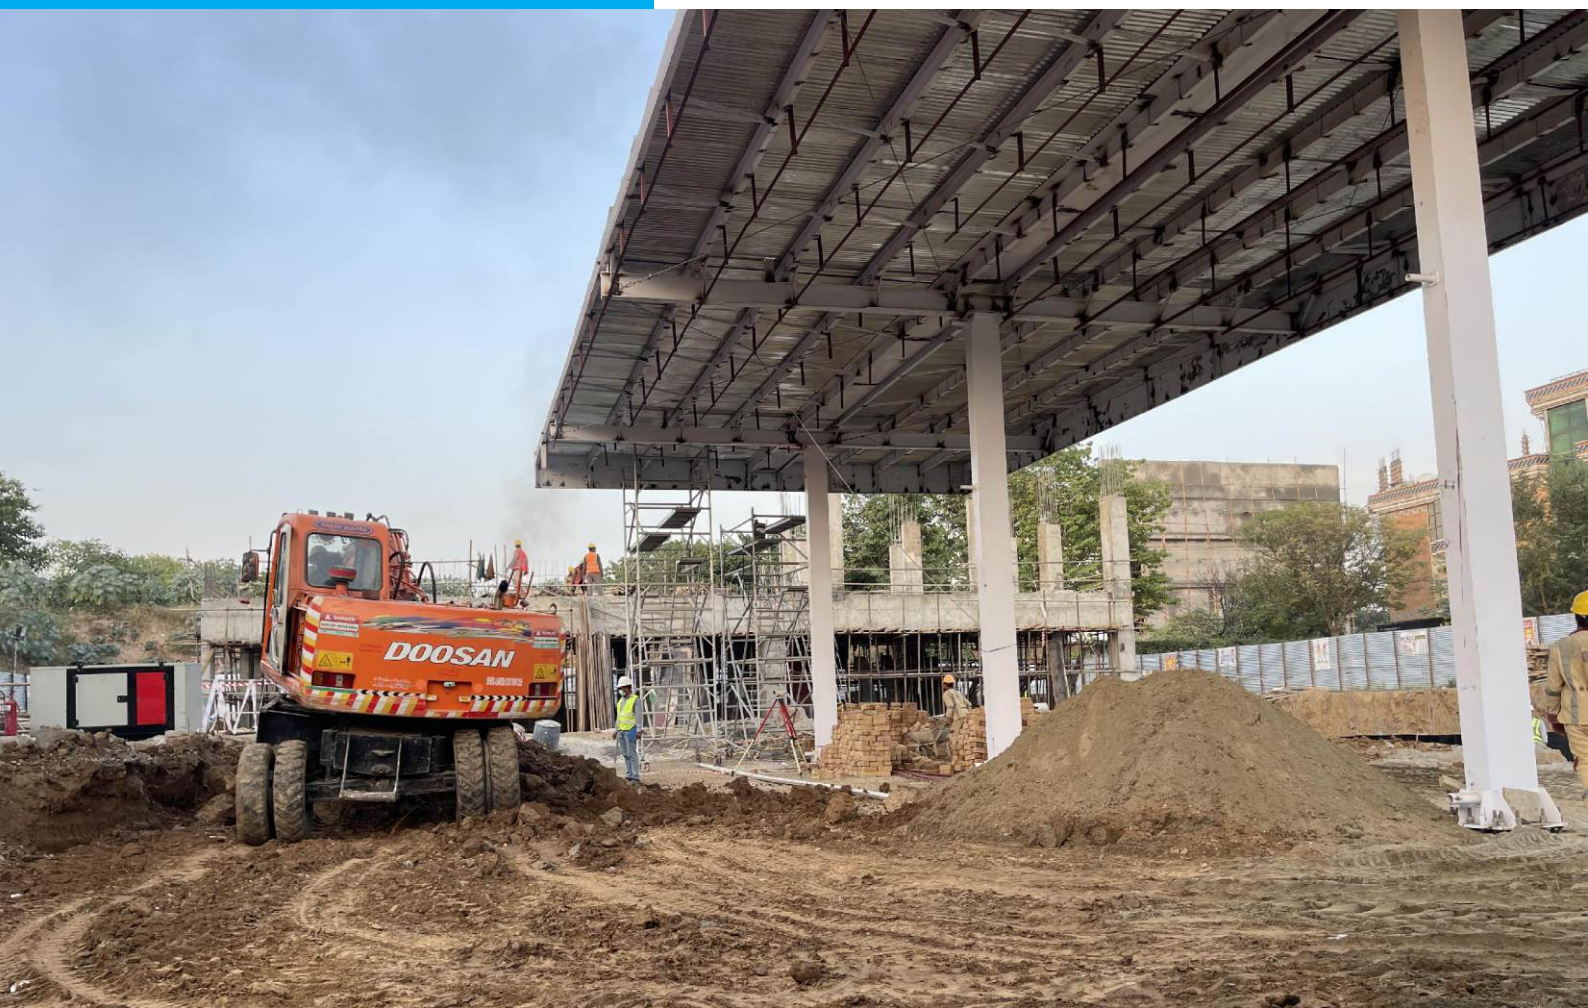

Building the future, one project at a time with innovation, safety, and sustainability.
